MEMORANDUM FOR RECORD

FROM: 422 ABG/CC

SUBJECT: 422 ABG Environmental Policy Statement

1. In accordance with AFI 32-7001 (Environmental Management) protecting the environment must be one of our highest priorities as we work towards continuous improvement. Each of us must remain committed towards improving and conserving our environment. We must strive to:

- a. Promote sustainable use of natural and manufactured resources
- b. Implement training and working best practices to prevent environmental pollution
- c. Build environmental requirements into all policies, programs and missions
- d. Integrate environmental best practices into the community and all levels of management
- e. Adopt continuous improvement concepts in environmental objectives and performance
- f. Exceed regulatory and legislative requirements wherever possible
- g. Work to promote waste minimization and the conservation of energy and water
- h. Effectively communicate and enforce environmental policy
- i. Stringently comply with applicable laws, legislation and policy

2. If you have any questions or need additional information, please contact the 422 ABG Environmental Coordinator Mr. Mark Nearn, 422 CES/CEIEP at DSN 236-8456 / E-mail: [mark.nearn.1.gb@us.af.mil](mailto:mark.nearn.1.gb@us.af.mil).
